## Reviews

"The Perfect Bedtime Story! What a magical story to read before bed! This is the perfect book to get children excited to go to sleep. It follows little Ari and her dog as they go into space while they dream and have quite the adventure. With its rich and colorful illustrations and magical story I'll bet it will be read over and over again in many homes before bed. My daughter loved this book now (8) but I wish we had this when she was a few years younger!"

### "Perfect 'Sweet Dreams' Adventure"

This is such a sweet bedtime story that is sure to have little ones smiling, as they drift off to sleep. The rhythmic pattern of prose and the beautiful illustrations add to the appeal of this book. Little Ari and her best friend Pepper are lovable as the cutest little dreamy space travelers. I like that the author included learning opportunities throughout the story, such as names of planet and solar system. I'm sure the beautiful moon boots will lead to question or two! Excellent choice for a bedtime story. Certain to become a favorite for repeat readings."
